Federal Loan Fees	52**	Federal Loan Fees	52**
Total	17,463	Total	23,529

* The values marked with an asterisk are calculated dynamically for each individual student based upon their actual enrollment. The figures shown above are based on a hypothetical student enrolled in 12.0 credit hours for fall and 12.0 credit hours for spring.

** The values marked with a double asterisk are calculated dynamically only for individual students who are awarded federal loans.

¹ Lab and e-learning fees are not assumed in these estimated figures but are incorporated into each individual student's actual cost of attendance.

Note:

- Students enrolled less than half-time (< 6.0 credit hours) may be awarded financial aid based on a less-than-half-time cost of attendance which includes only tuition, books, and transportation. Enrolling less than half-time may result in a student not being eligible for Pell grant disbursement when they would otherwise be eligible for Pell grant disbursement with greater than half-time enrollment.
- [Adjustments to budgets may be considered on a case-by-case basis with appropriate documentation via Professional Judgment.](#)
- Students may have their federal loan award amounts corrected due to the dynamic nature of the cost of attendance components with asterisks above. Students with such 'Cost of Attendance loan adjustments' will be notified if their overall federal loan award amount decreases.
- Transportation includes approximate vehicle insurance, maintenance, and fuel costs.
- Miscellaneous expenses may include clothing, medical, incidental, and technology costs.
