Date:		Pathway Navigator/Faculty Advisor:		
Associate of Science: Sonography	/ Di	agnostic Medical (DMS-AS)		
General Education (18 hours)		Major Courses (59 hours)		Notes
The Associate in Science degree consists of a minimum of 60 college-level semester hours with at least 15 semester hours of General Education Core courses. The General Education Core courses are chosen for their appropriateness for each degree and represent courses from each of the following disciplines: humanities/fine arts, natural science/mathematics, behavioral science/social science and communications. Consult with your Faculty Advisor if you have any questions.		The program is designed to prepare the student for employment as an entry-level sonographer. The sonographer is skilled by academic and clinical training to perform ultrasoundexaminations under the supervision of a qualified physician. Students should complete all prerequisite courses. Students are strongly encouraged to complete as many of the general education courses as possible prior to seeking admission to the Diagnostic Medical Sonography program.	8	
Communications (3/4 credits)		The program curriculum includes all courses		
□ ENC1101 English Composition I • +* □ ENC1101C Enhanced English Comp. I • +*	3	required for an Associate in Science Degree. A minimum grade of "C" must be achieved in all prerequisite courses required for program admission. The program begins in Januar	rv	
Humanities (3 credits) Select one Humanities course		of the spring semester each year. The duration of the program is 24 months for the Associate in	•	
		Science Degree (77 credit hours). The Diagnostic
