The president is assisted by the administrative staff, faculty, support staff, and career professional. The college is organized internally through two closely related patterns: (1) individual positions of responsibility and (2) teams, task forces, standing committees, and Executive Council.

The following is a list of the administrative officers of Gulf Coast State College:

- Glen McDonald President
- Dr. Cheryl Flax-Hyman..... Executive Vice President
- Dr. Holly Kuehner..... Vice President, Academic Affairs
- John Mercer..... Vice President, Administration & Finance
- Leslie Hapner Dean, Business Affairs
- Lloyd HarrisDean, Student Engagement
- Dr. Kelli Walsingham..... Dean, Student Life

Animals on Campus – Use of Service Animals

The college acknowledges the right of students, staff, and visitors to a safe and healthy environment while on college property or while participating in college-sponsored functions. In the interest of maintaining such an environment, animals are not permitted on college property or at college-sponsored functions.

The college acknowledges the right of persons with disabilities to utilize service animals as appropriate. Animals certified to assist persons with disabilities are exempt from the college’s animal prohibition. The college maintains a list of service animal owner responsibilities related to grooming, sanitation, and control of service animals. This may be picked up from the college’s Coordinator of Student Accessibility Resources.

When the use of a certified service animal poses a documented danger or health hazard to others, the service animal will be removed and the college’s Coordinator of Student Accessibility Resources will mediate. Provisions will be made, as necessary, to ensure that the needs previously met by the use of a certified service animal are accommodated.

Association of Florida Colleges (AFC)

AFC is the only association that represents all employees of the 28 colleges in Florida. The purpose of the association is to promote the development and advancement of Florida public college education and to play an active role in promoting legislation beneficial to the college system and its employees. The association also provides informal opportunities to get to know colleagues at Gulf Coast State College and other colleges in the system. Membership is open to all college employees and retirees of the community college system. Dues may be paid at one time or by payroll deduction. Professional development activities are held throughout the year and an annual state convention is held each fall. Additional information may be obtained from the Human Resources Office.

Building and Equipment Repairs

Minor building/equipment repairs or additional services may be handled by Facilities Management. A building manager and assistant building manager have been assigned to each building as the contact person responsible for requesting necessary repairs and modifications. Report problems or issues to your assigned building manager and they will use the Facilities Management Computer Software System to submit a work order request.

Calendar/Holidays

A college calendar is published each year indicating designated holidays. Holidays and other student/faculty deadlines are listed on the college's website under the link "Academic Calendar".

Children on Campus

Unaccompanied children are not allowed on college property unless the child is enrolled in a course or program at the college. In accordance with this, students are not allowed to bring children into the classroom and employees are not permitted to bring their children to work without prior approval. A student who brings a child to a class meeting will be asked to leave the class and an absence will be recorded. Campus personnel will immediately contact the appropriate local authorities for any unaccompanied children on campus.

College Councils and Committees

The six basic groups of the college organizational structure include Academic Council, Administrative Services Council, Executive Council, Faculty Senate, Professional Employee Council, and Student Affairs Council. Each of the major councils may utilize committees, calling on various members of the faculty and staff for services as needed. Faculty and staff members are expected to serve on councils or committees when requested. In addition, the following committees or action teams meet regularly and serve a vital function on the college campus: Appeals Committee, Health/Wellness Committee, Information Technology Committee, Instructional Divisions, Professional Development Committee, Safety Committee, Scholarship Committee, Student Government, Student Life Committee, Tri-College Roundtable, and general employee meetings. For specific information on the listed councils and other college groups and committees, please consult the Manual of Policy.

Faculty Senate

The Faculty Senate serves as the representative of the faculty, acting in liaison among faculty groups, individual faculty members, divisions, and the college administration. Those serving on the council must be members who have been selected as outlined in the Articles of the Faculty Senate. Meetings are held semi-monthly, as needed, during the fall and spring semesters.

Officers are chair, chair-elect, and recorder and are elected by Faculty Senate constituents at large. The Vice President of Academic Affairs serves as an ex officio member of the council. The council agenda is constructed primarily from items submitted through the four standing committees and from the division representatives and at-large members of the council; however, agenda items may also originate from individual faculty members, the administration, committees, or organizations.

Professional Employee Council

The Professional Employee Council serves as a means of professional growth and action for its membership and constituents. The council acts as a communication channel and promotes networking among the employees it represents, other campus representative bodies, and the administration. It promotes student and college interests. The agenda is comprised of submitted items of interest or concern from council constituents. This is accomplished through surveys and discussion within campus divisions and departments.

Officers are the chair and chair-elect. The council members are elected from the represented areas/divisions and serve two-year terms. The President of the College and the immediate past chair serve as ex officio members. The Professional Employee Council meets on call or on a regularly scheduled basis, as requested by the chair.

Commencement

All faculty and contractual staff holding the rank of director, its equivalent or above are required to participate in commencement exercises and Honors Convocation, as well as other graduation activities, and are to dress in academic regalia for special academic programs when requested. These employees are expected to buy or rent their own regalia.

Disciplinary Process

Employees who violate College policies and procedures or who exhibit undesirable conduct, shall be subject to disciplinary action, up to and including discharge. The severity of the disciplinary action is determined by the severity of the offense or behavior.

Supervisors are required to seek prompt guidance from an authorized Human Resources staff member prior to proceeding with disciplinary action of any kind. Exception: Supervisors are authorized to immediately send an employee home (with pay) following a serious performance or behavioral incident which caused potential physical or financial jeopardy to the employee, to others or the College. Immediately following such an incident, the supervisor is required to contact authorized Human Resources staff for consultation and guidance.

Typically, and under the guidance and pre-approval of authorized Human Resources staff, Gulf Coast State College utilizes a progressive discipline procedure containing the following steps:

- Coaching/counseling, which normally is appropriate to redirect minor performance adjustment efforts toward meeting job expectations (e.g., attendance issues).
- Verbal warning, which normally is appropriate to address an infringement of office protocol, behavior or performance expectations (e.g., continued attendance issues, failing to meet minimum work/policy standards).
- Written warning, which normally is appropriate to address a serious infringement or continuing infringements of office protocol, behavior or performance expectations (e.g., rude behavior, use of improper/profane language or gestures, or other inappropriate conduct deemed a violation of the conduct policy). All written warnings must be pre-approved by authorized Human Resources staff prior to distribution to the employee.
- Suspension, which is generally only used for investigatory purposes for serious allegations requiring investigation and not as a punitive action.
- Discharge, which normally is appropriate after going through the other disciplinary steps, unless the behavioral issue is egregious (e.g., assault, theft, drug use, etc.).

Notwithstanding the above, Gulf Coast State College may begin the disciplinary sequence at any step, including proceeding directly to discharge. Gulf Coast State College will use its discretion in fixing the appropriate discipline based upon all of the surrounding circumstances, including, without limitation, the nature and severity of the offense and the employee's work history.

When counseling employees, supervisors are expected to:

- Treat employees equally for similar circumstances.
- Ensure that disciplinary actions are appropriate to the situation.
- Consider the employee's general work record and whether there are any special circumstances.
- Ensure situations are addressed promptly.
- Treat all employees respectfully.

INAPPROPRIATE CONDUCT/BEHAVIOR

The following non-exhaustive list identifies behaviors that may result in disciplinary action up to and potentially including suspension and/or immediate termination of employment:

- Engaging in inappropriate conduct or a prohibited relationship with a Gulf Coast State College student;
- Lying, or falsifying work documents, including but not limited to employment application information, time and attendance records, or other work-related documents or records;
- Theft from the College, from students, or from co-workers;
- Unauthorized access or use of systems or property belonging to Gulf Coast State College or another employee;
- Bullying or discriminatory harassment, including sexual harassment, of a student, another employee, a College vendor, or any other individual through a work-related association;

- Accessing and/or distributing pornographic emails or websites on work time or using College equipment;
- Threats or assaults toward any person in a work-related association;
- Dangerous or destructive acts, including willful damage to Gulf Coast State College property, the property of co-workers, or the property of others in a work-related association;
- Serious violation of a health and safety rule;
- Possession or use of alcohol (except while attending a GCSC-sanctioned event where alcohol is provided), narcotics, illegal drugs, and/or prescription drugs (without a valid prescription) on the premises, or being under the influence of such substances while on the campus, attending a College event, or on the job;
- Possession or use of unauthorized firearms or other weapons while on the campus, attending a College event, or on the job;
- Highly unprofessional or disruptive behavior while on the campus, attending a College event, or on the job, including using profanity, speaking disrespectfully to co-workers, vendors, students or supervisors;
- Seriously illegal, unethical or immoral behavior at any time which, by the employee's association to the College, could bring the College into disrepute or under serious liability;
- Willful negligence or refusal to perform assigned duties;
- Working overtime without prior approval from department VP; taking leave without prior documented approval;
- Failure to follow reasonable instructions (insubordination); this includes failure to adhere to Florida Statute 553.865, "Safety in Private Spaces Act," including willfully entering for an unauthorized purpose, a restroom or changing facility designated for the opposite sex, and refusing to depart be asked to do so by a faculty member, administrator or other duly authorized college personnel;
- Abandonment of position – considered to be not reporting for duty, no call/no show, or being away without approved leave for more than three days, without a legitimately acceptable reason.

As noted above, this list is not all-inclusive. Engaging in conduct that violates common sense or engaging in behavior that is inconsistent with Gulf Coast State College's best interests also will result in discipline, up to and including discharge.

Dress Code

College personnel are expected to maintain high standards of dress and personal appearance throughout the year. Such dress should be that normally found in businesses and professional addresses in the community (refer to IMM 6.088). Questions and concerns should be addressed by your supervisor.

Drug-Free Workplace

Gulf Coast State College recognizes the importance of prohibiting alcohol and illicit drugs on its campuses. To this end, the District Board of Trustees and administration of Gulf Coast State College concur the unlawful manufacture, distribution, dispensing, possession, sale, or use of alcohol and illicit drugs on its campuses is strictly prohibited. Any employee of the college involved in such activities will be subject to disciplinary action, up to and including termination of employment and referral for prosecution. The college's policy is not intended to ban the use of drugs or alcohol in providing instruction in the Public Safety training programs, nor is it intended to ban the use of alcohol in Culinary programs.

Any instances involving alcohol or controlled substances, whether by students, employees, or other persons, must be reported to campus authorities immediately. This includes any individuals under the influence of alcohol or controlled substances. It is the intent of Gulf Coast State College to assist its employees in every way possible. In order to attain this goal, it is important that alcohol and illicit drug dependence be identified so that appropriate referral and assistance can be made. We encourage all of our employees to self-identify should the need arise. EAP services are provided to employees to assist with any drug or alcohol dependency issues. Contact Human Resources for EAP information.

Employees who voluntarily seek assistance from management with job performance problems resulting from drug or alcohol dependency will not be punished if aid is sought prior to commencement of corrective action proceedings for poor job performance. The Human Resources office will identify and provide referral recommendations to appropriate treatment programs.

The decision to request a diagnosis and accept treatment for substance dependency is the personal responsibility of the individual employee. Employees who choose participation in a drug-abuse assistance or rehabilitation program will be given a leave of absence. Any available accrued time off benefits (annual leave, personal or sick) will be applied to the leave time, until exhausted, and the leave without pay will apply.

Upon written proof of completion of the rehabilitation program, the employee will be returned to the same or a similar job, as available. Persons returning to work from a personal leave from a rehabilitation program will be expected to meet existing job performance standards and established work rules.

Nothing in this statement of policy is to be interpreted as constituting a waiver of management's responsibility to maintain discipline, or the right to take disciplinary measures in the case of poor performance or misconduct that may result from alcoholism or drug dependency.

The confidential nature of the medical records of individuals with alcoholism or drug dependency will be preserved to the greatest extent possible, subject to any laws or statutes.

Emergency/Accident/Incident Reporting

It is the duty and responsibility of all college employees to report any accidents or incidents, no matter how minor.

Accident or Injury Involving College Personnel

All Gulf Coast State College employees are covered by workers' compensation insurance provided by the college for injuries or illnesses arising out of, or in the course of, employment. To protect yourself and your co-workers, follow all safety rules and regulations. Workers' compensation was designed to cover medical expenses and a portion of any earnings lost due to injury on the job. The amount of compensation is based on the employee's salary, among other factors. Workers' compensation laws prohibit reimbursement beyond normal weekly compensation. For further details, contact the Human Resources Office.

All employee illnesses-in-the-line-of-duty or on-the-job accidents or injuries, no matter how minor, must be reported *immediately* to the Human Resources Office. If medical attention is necessary, Human Resources staff will advise you of physicians authorized by GCSC and the Florida College System Risk Management Consortium to treat employees. It is imperative that accidents be reported to the Human Resources Office before seeking medical attention, unless the accident is life threatening, in order to receive workers' compensation benefits. Using appropriate professional judgment during hours when the Human Resources Office is closed, employees are to use the emergency rooms of local hospitals for medical attention relating to an on-the-job injury.

An *Accident-Incident Report* must be completed and forwarded to the office of the Vice President of Administration and Finance by the close of the next business day. Failure to do so may result in a monetary fine imposed on the college. Contact Human Resources on how to properly complete an Incident Report.

Accident or Injury Involving Student or Visitor

A detailed report of any accident involving personal injury or damage to property should be made immediately to the office of the Vice President of Administration & Finance by any college employee engaged in or witnessing the accident or incident. In addition to the *Accident-Incident Report*, an *A-G Administrators' Claim Form* must be completed immediately for an accident involving a student in Culinary Arts, Health Sciences programs, Natural Science disciplines, Public Safety, Technology, or Theatre programs for whom the college provides accident insurance when injury occurs during clinical or classes.

In cases of emergency, the guidelines for handling an emergency shall be followed at once. If a student needs or requests medical attention, an ambulance will be called. The college assumes no liability for medical or ambulance expenses.

Emergency Procedures

In case of emergency, call the following in the order presented until the problem is addressed or resolved.

1. Call 911 directly, if a *life-threatening emergency* is involved. From a campus phone, dial "9-911"; from a personal phone, dial "911".

and

2. Call the FSU-PC police: From a campus phone dial “3111”; from a personal phone, dial “850-774-2705”.

and

3. Call the GCSC switchboard operator: From a campus phone, dial “0”; from a personal phone, dial “850-769-1551”.

After the emergency is over, a college *Accident-Incident Report* must be completed and forwarded to the office of the Vice President of Administration & Finance by the close of the next business day.

Basic Rules

1. If medical attention is necessary or requested by the injured person, call 911 and request an ambulance. It is always better to have an ambulance in route and not need one than to have one sitting in the station when you need it. Give your name and the location of the person in distress.
2. Call FSU-PC Police (850-774-2705) and the college switchboard operator (850-769-1551) and report the medical emergency. Give your name and the location of the person in distress. (Note: If 911 call is made from a GCSC phone, the switchboard operator will be automatically notified.)
3. Have someone stay with the person in distress, if possible, when you make these phone calls.
4. Do not attempt to assist the victim beyond this protocol unless you are trained in first aid.
5. Always protect yourself. Make sure it is safe to approach the victim. Do not become a victim yourself.
6. Always use Personal Protective Equipment when dealing with a victim’s bodily fluids.
7. The hardest thing to remember in a medical emergency is that most of the time the correct procedure is simply to monitor and reassure the victim until EMS arrives.
8. After the response is complete – an *Accident-Incident Report* must be completed and forwarded to the office of the Vice President of Administration & Finance by the close of the next business day.

Unconscious Victim

1. Follow “Basic Rules” listed above.
2. If victim is not breathing, begin rescue breathing and/or CPR if trained.
3. If CPR is required, utilize one of the Automated External Defibrillator (AED) units to assist until EMS arrives on the scene. Location of the AED units can be found on the intranet. Familiarize yourself with the campus map locations before an actual emergency occurs.
4. If victim is breathing, monitor the victim until EMS arrives.
5. Maintain body temperature (cover with a blanket if it is cool).

Conscious Victim (Physical Injury or Illness)

1. Follow “Basic Rules” listed above.
2. **DO NOT MOVE VICTIM UNLESS THERE IS A LIFE-THREATENING PROBLEM (FIRE, NATURAL DISASTER, SHOOTER, ETC.).**
3. Maintain body temperature (cover with a blanket if it is cool).
4. Do not attempt to apply a splint to a suspected fracture.
5. Treat any sprain or similar injury as if it were a fracture.
6. Reassure the victim.

Bleeding

1. Follow “Basic Rules” listed above.
2. If the victim is conscious, demonstrate to victim how to apply a compress. If the victim is unconscious, apply a compress to the wound and press hard. If blood soaks through, do not remove the compress. Apply another compress on top of the original one. **DO NOT APPLY HARD PRESSURE TO WOUNDS OF THE EYES, EARS, OR SKULL.**

3. If the wound is to the leg or arm, elevate the wound so it is higher than the heart.
4. If there are no other injuries such as fractures, have the person lie down and maintain body temperature (cover with a blanket if cool).
5. Use tourniquets as a LAST RESORT only, but not for injuries to the head or neck.
6. Reassure the victim.

Seizures

1. Follow “Basic Rules” listed above.
2. DO NOT ATTEMPT TO RESTRAIN THE VICTIM.
3. DO NOT PUT ANYTHING IN THE VICTIM’S MOUTH.
4. Place some sort of padding under victim’s head if possible.
5. Expect the victim to be very sleepy after the seizure.
6. After the seizure maintain body temperature (cover with a blanket if cool).
7. Reassure the victim.

Employee Responsibility

As an employee of Gulf Coast State College, you are hereby advised that it is not only your right but also your responsibility to be aware of all rules governing employees set forth in this handbook or enacted by the District Board of Trustees. In addition, employees arrested or convicted of a crime are required to notify the Executive Director of Human Resources. If proper notification is not received by Human Resources, employees may be subject to discipline that could include termination of employment. Please see Manual of Policy 6.030 for more information.

Employment- Advertising New Positions

Normally, when an employment position becomes available, it is advertised both on and off campus. The size and expectation of an adequate applicant pool will determine the scope and nature of advertising. Positions may be advertised on internet job sites such as Indeed/Monster/CareerBuilder, Higher Ed Jobs, and a variety of other local, state, and national publications deemed appropriate for the position being posted. Applicants must apply through the Gulf Coast State College Employment Portal hosted by the Human Resources Office.

Employment-at-Will

Employment-at-will means all employees, part-time and full-time, without employment contracts or with annual employment contracts, are employed by and may be terminated at the will of the president as authorized by the District Board of Trustees. It is not necessary that reasons be given for such termination or contract non-renewal. An employee without a contract may also resign without stating a reason. Notice of the intent to resign from GCSC requires proper notice per Manual of Policy 6.070 in order to be eligible for payment of accrued vacation leave. Terminal pay shall be paid only if the employee leaves under favorable circumstances, not if the employee is being dismissed by action of the board. Similarly, employees under annual contract should not expect automatic renewal of annual contracts, and if offered an additional annual contract, the employee may refuse such a contract.

Equity Officer

Gulf Coast State College is an equal access/equal opportunity institution which does not discriminate against any person in its programs, activities, policies or procedures on the basis of race, ethnicity, color, national origin, marital status, religion, age, gender, sex, pregnancy, sexual orientation, gender identity, genetic information, disability, or veteran status. Retirement

Qualifying Gulf Coast State College employees participate in the Florida Retirement System (FRS). The Director of HRIS and Employment Services serves as the college's retirement officer. If you were retired under the FRS system prior to employment at Gulf Coast State College, contact the Human Resources Office.

Requirements for full retirement have changed for new employees effective July 1, 2011. If you were employed prior to this date, you may receive full retirement after 6 years vested service and age 62. New hires employed after July 1, 2011, the years of service have changed to 8 years vested service and age 65. Employees may retire after vesting and before age 62/65 respectfully, but take substantial penalties for early retirement. Further information is available by contacting the Human Resources Office.

The Florida Retirement System (FRS) employer contribution rates are established each year by section 121.71, FL Statutes. You as an employee will contribute a designated amount and GCSC will contribute a designated amount into your retirement account per the established rates which may change from year to year. If you are in CCORP, your employee and employer contribution rates are also established each year. This retirement is only for people eligible to participate in this account... management and instructional personnel.

If, after retiring under a State of Florida administered retirement system, you are employed in any type of position with an FRS employer (temporary, part-time, or regularly established) during the first month of retirement, your retirement is void and all retirement benefits will be canceled.

If you are reemployed during the second through the twelfth months after retirement, your monthly retirement benefit must be suspended during these months of retirement. The only exception to employment is as an adjunct instructor; the employee is eligible for a 780-hour exemption as provided by law. If you are eligible for the exemption, your benefits must be suspended after your employment reaches 780 hours during the limitation period.

Effective July 1, 2017, if you are retired from FRS and are drawing a retirement check, or have taken a cash contribution from your investment account, you are not eligible for renewed membership in FRS. You may return to work, within the guidelines but will not receive a contribution to a retirement account.

On July 1, 1998, FRS began administering the Deferred Retirement Options Program (DROP). Individuals meeting the minimal retirement requirements outlined above may elect to participate in DROP for a maximum of 96 months. During the DROP period, participating employees will draw retirement benefits from FRS (placed in an interest-bearing trust fund account) while continuing to draw a salary as a regular college employee, with no interruption in college-provided benefits. A variety of limitation and restrictions exist. Please contact the Human Resources Office for additional information.

Eligible instructional personnel and specified (by FRS) instructional and institutional management personnel may elect to participate in the Community College Optional Retirement System (CCORP) in lieu of participation in the regular FRS program. Benefits under this program are placed into an employee's 403(b) tax deferred annuity account with designated vendors. Selection of this option must be made within 30 days of employment and is irrevocable during employment at Gulf Coast. A variety of limitations and restrictions exist. Please contact the Human Resources Office for additional information.

On June 1, 2002, FRS began offering an investment plan option to all public employees of the State of Florida. Originally referred to as the Public Employees Optional Retirement Plan (PEORP), the plan offers participants the option of having their FRS benefits placed into a 401(a) tax deferred annuity account with designated vendors. Selection of this option must be made within 30 days of employment. There is a one-time option to switch between the pension and investment plans after the initial selection. A variety of limitations and restrictions exist. Please contact the Human Resources Office for additional information.

Sick Leave Pool

A sick leave pool has been established for the optional participation for all full-time employees. Eligible employees must have been employed at the college for at least one year and must have accrued a minimum of six sick leave days. Eligible employees may join the pool only upon the first anniversary of their employment and during the regular enrollment period conducted each October. Additional limitations and restrictions apply. For additional information consult [Manual of Policy 6.084](#) or contact the Human Resources Office.

Staff Development/Tuition Reimbursement

It is expected that all personnel employed by the college will participate in activities to continually upgrade job capabilities. Development opportunities may routinely include in-house seminars, conferences, workshops, or approved advanced course work in the pursuit of professional development.

Employees of entities for whom the college only serves as a fiscal agent are not eligible for participation unless funding for participation is provided by the employing entity.

If reimbursement is partially available from some other source, the college will reimburse the employee the difference between the funds from the “other sources” and the actual amount of education expenses, provided that the other provisions of this policy are met. At no time should an employee be reimbursed for an amount that exceeds the actual cost of tuition or books.

For credit course reimbursement, employees are eligible after completing one year of full-time employment (provided funds are available), if the course is approved by the appropriate supervisors. Requests are to be made by completing a *Staff and Program Development Tuition Expense Application* (located on GCSC NET). The cost of tuition will be reimbursed at the rate charged by Gulf Coast State College for freshman and sophomore level courses or Florida State University in Panama City for junior, senior, and graduate level courses. The college will also reimburse up to 50 percent of the cost of required textbooks. Paid receipts and proof of successful completion of course work (a grade of “C” or better) must be submitted to the Business Office. A specific list of the requirements and limitations may be found in Manual of Policy 6.072.

Tax Sheltered Annuities

Tax sheltered annuities allow for saving of pretax dollars for retirement purposes. Several companies currently provide plans for full-time college employees. Contributions are made through payroll deduction. For more information, contact the Human Resources Office.

Terminal Leave Benefits

College policy and state statute allow, under certain conditions, for the payment of terminal benefits for accumulated annual and/or sick leave. Employees with the college longer than six years are required to have all terminal leave benefits channeled through the BENCOR Terminal Leave Program. Please see the relevant sections of Manual of Policy 6.064 or contact the Human Resources Office for more information.

Wellness and Athletics

The Wellness Center contains a weight room that is equipped with various state-of-the-art weight training and aerobic equipment. History of the College

Serving the community since 1957, Gulf Coast State College was the first public two-year institution to open after the 1957 Florida Legislature established a statewide network of community colleges. Located in Panama City on Florida's Emerald Coast, Gulf Coast is one of 28 public colleges in the state, all located within commuting distance of 96 percent of the population. Dr. Ted W. Booker was named the first president (1957-1960), followed by Dr. Richard E. Morley (1960-1976), Dr. Lawrence W. Tyree (1976-1988), Dr. Robert L. McSpadden (1988-2007), Dr. A. James Kerley (2007-2014), Dr. John R. Holdnak (2014-2022), Dr. Cheryl Flax-Hyman (2022-2023, as Interim), and Mr. Glen McDonald (2023 – present).

The College has gone through several name changes over the decades beginning with Gulf Coast Community College in 1957. In 1958, the name changed to Gulf Coast Junior College, prompted by a change in mission to restrict offerings to academic programs. In 1970, the College changed its name again back to Gulf Coast Community College as its mission expanded to include service to the community. In 2011, the name changed to Gulf Coast State College after receiving accreditation to award four-year degrees, better reflecting the expanding mission within the defined service district.

To serve the higher education needs of African-Americans in the community, Rosenwald Junior College opened in 1958 on the campus of Rosenwald High School, and Calvin Washington was named president. On May 18, 1966, Rosenwald Junior College merged into Gulf Coast Junior College.

The Panama City Campus opened on September 17, 1957, with 181 students, and through the spring of 1960, the College operated in temporary facilities at the Wainwright Shipyard (located across the street from the present location at 5230 West Highway 98). The City of Panama City provided 40 acres for the permanent campus overlooking St. Andrew Bay; the College purchased the remaining 40 acres. Construction of new buildings on the campus began in 1959, with the actual move to the new campus completed the next year.

Buildings comprising the current campus and other college sites and their dates of first occupancy are:

- **Natural Sciences Building**, including the Ken Sherman Science Center (1960; renovated 1978, 1993, 2003, and 2006)

For its first nine years, the College served primarily the residents of Bay County. In the summer of 1966, Gulf County became part of the College's service district, and Franklin County was added in 1984.

The College's mascot, the Commodore, was also chosen in 1966. A contest was held for students to submit their ideas of what the mascot should be and why. The Commodore, a title for a high-ranking naval officer, was chosen based on three unique factors that included: the College being founded on the soil of an old shipyard, the generous contributions the Navy Base made to the basketball team and that the Vanderbilt Commodores are geographically located exactly 500 miles away from the College.

Throughout its history, the College has been committed to providing a first-class education. This commitment is evidenced by the excellent performance of GCSC graduates who transfer to state universities as well as by consistently high GPAs and graduation rates that are higher than the Florida college system averages in most areas measured. The College currently serves more than 12,000 credit, non-credit, workforce, and/or continuing education students (enrollment data taken from Summer 2015 – Spring 2016 semesters).

This level is initiated by the College President when a tropical depression reaches storm status (39 mph and is assigned a name), enters the Gulf of Mexico, or when the East Coast of Florida is placed under a Hurricane Watch.

1. Disaster Response Team members will monitor news and governmental channels for up-to-date information.
2. Building managers and Facilities Management personnel will update inspections and correct safety hazards on campus. Items that could become flying debris during high winds should be identified for removal or storage at this time.

7. Associate Director of Campus Safety & Security will initiate a plan for additional security. Facilities Management staff and Disaster Response Team members will form standby crews. Personnel remaining on campus during the storm (WKGCC) will be identified.

Level Three: Campus/College Facility and Program Shut-down

This level is initiated by the College President when the college's service district is placed under a Tropical Storm Warning or a Hurricane Warning. High winds will be expected to affect college facilities within 12-24 hours.

3. Each division/department head will maintain contact with personnel to establish emergency procedures and to recall personnel if necessary.

Level Four: After the Storm

This level is initiated by the College President when a tropical storm or hurricane has left the college's service district.

1. The College President will determine the specific time when the college will reopen for normal operations. The Executive Director of Community Engagement will coordinate college information with local news departments and the college's cable information channel providers. Only the president or Executive Director of Community Engagement will contact the media to announce facility openings and the resumption of classes/activities. Information Technology staff will install emergency phone equipment (with message machines) as necessary to provide for staff and student contact numbers.

All damage and problem areas should be reported to the Vice President of Administration & Finance for appropriate action by work order. All areas will need to be secured to prevent injuries, additional damage, or looting.
4. The Executive Director of Broadcasting & Media Support will coordinate the videotaping of the entire campus and other college facilities (inside and out, buildings and grounds) for insurance purposes. A photographic record will be kept throughout the initial recovery period.
5. Facilities Management personnel will begin clean up and repairs at the direction of the president or Vice President of Administration & Finance. Additional personnel will be recalled, as necessary, to carry out the business of the college.

Premiums are paid by the individual with college participation as approved by the District Board of Trustees. Insurance coverage is reviewed and revised on an ongoing basis. Specific conditions of the current plan can be obtained by contacting the Human Resources Office.

Life Insurance

Life insurance is available to all regular, full-time employees. Premiums are paid by the individual with college participation as approved by the District Board of Trustees. Various types of insurance are available from a number of firms at the employee's expense through payroll deduction. Such plans include hospital indemnity, term, disability, whole life, income protection, prepaid dental, vision, and cancer insurance. Costs will vary depending on the extent of coverage desired. Workers' Compensation

All Gulf Coast State College employees are covered by workers' compensation insurance provided by the college for injuries or illnesses arising out of, or in the course of, employment. To protect yourself and your co-workers, follow all safety rules and regulations. Workers' compensation was designed to cover medical expenses and a portion of any earnings lost due to injury on the job. The amount of compensation is based on the employee's salary, among other factors. Workers' compensation laws prohibit reimbursement beyond normal weekly compensation. For further details, contact the Human Resources Office.

All employee illnesses-in-the-line-of-duty or on-the-job accidents or injuries, **no matter how minor**, must be reported *immediately* to the Human Resources Office. If medical attention is necessary, Human Resources staff will advise you of physicians authorized by GCSC and the Florida College System Risk Management Consortium to treat employees. It is imperative that accidents be reported to the Human Resources Office before seeking medical attention, unless the accident is life threatening, in order to receive workers' compensation benefits. Using appropriate professional judgment during hours when the Human Resources Office is closed, employees are to use the emergency rooms of local hospitals for medical attention relating to an on-the-job injury.

An *Accident-Incident Report* must be completed and forwarded to the office of the Vice President of Administration and Finance by the close of the next business day. Failure to do so may result in a monetary fine imposed on the college.

Keys

Supervisors will make arrangements with the Coordinator, Access Control for new employees to be issued badges/electronic key cards as necessary. Upon separation from the college, employees must return all badges to the Coordinator, Access Control or Human Resources prior to the final paycheck being issued or at such time access is no longer needed to perform one's duties.

Lactation Accommodation

At GCSC, we do everything we can to offer a supportive work environment for mothers. If you are breast feeding your child, we will work with you – and establish a flexible schedule if necessary – to set up break times to allow you to express breast milk.

We will also work with you and your manager to provide reasonable and appropriate accommodations (other than a restroom, of course); currently, room 41A in SUW and Room 120 at North Bay are designated as Lactation rooms.

If you have any questions about lactation accommodation, do not hesitate to ask your manager or the Human Resources department.

Upon termination of employment with sufficient notice and under favorable conditions, the employee shall be paid, at the current rate, for any vacation not used, not to exceed an amount equal to 30 days of pay. In the case of the death of the employee, payment of the unused annual leave at the time of death shall be payable to the employee's designated beneficiary, estate, or as provided by law.

The president may rescind this provision should the circumstances be considered sufficiently extenuating.

In most cases, an additional leave of absence without pay will not be granted during the same 12-month period of time in which FMLA benefits have been exhausted. If you are absent 3 days or more, you will need to provide a doctor's note returning you to work; this ensures we provide proper FMLA notice (if applicable), helps ensure we follow any doctor restrictions, and mitigates any worker's compensation risk.

Employees who leave the college under favorable conditions after six years of service will receive payment for unused accumulated sick leave according to Florida Statutes and the college's [Manual of Policy 6.070](#).

Overload Teaching

Overload teaching for full-time exempt college employees may occur during the regular day, evenings, or on weekends and may be on-campus or off-campus. When the overload occurs during the regular work schedule, the employee workload (35 hours for faculty and 37.5 hours for other employees) is extended for the period of time involved with the additional compensation. Annual or personal leave may also be taken to offset time away from workload requirements. Documentation of how workload hours are accommodated for, and leave papers if applicable, should be submitted at the time the overload is requested and the documentation will be maintained in the Human Resources

Office. Overload compensation will be paid at the current rate in Internal Management Memoranda 6.065, Salary Schedule.

Hourly personnel working beyond the normal 37.5-hour workweek will be compensated at the rate of time and one-half the normal hourly rate. Authorization of all “overtime” will be made in advance to the President or his designee. The college will consider any reasonable accommodation for persons with disabilities. Persons with a disability that may require a workplace accommodation should contact the Human Resources Office.

Pregnant Workers Fairness Act (PWFA)

As required by the federal Pregnant Workers Fairness Act (PWFA), Gulf Coast State College will provide reasonable accommodations to employees and applicants with limitations related to pregnancy, childbirth or related medical conditions, unless the accommodation will cause undue hardship to Gulf Coast's operations. Covered conditions and limitations include pregnancy, childbirth, or related medical conditions that may be entitled to reasonable accommodation include a wide range of conditions, including but not limited to current or past pregnancy, potential or intended pregnancy (including infertility, fertility treatments or use of contraception), labor, delivery, miscarriage, abortion, postpartum depression, gestational diabetes, endometria, changes in hormone levels, lactation, high blood pressure, incontinence and pre-existing conditions exacerbated by pregnancy or childbirth.

Limitations related to pregnancy, childbirth or related medical conditions can be "modest, minor, and/or episodic, and do not need to meet the definition of disability" under the Americans with Disabilities Act (ADA). In other words, there is no severity threshold for coverage. For example, limitations can be problems such as migraines or morning sickness or inability to be around certain chemicals, work in the heat, perform certain physical tasks, the need to attend health care appointments for the pregnancy, childbirth, or related medical condition itself or simply to help maintain the individual's health and ability to work.

An employee or applicant may request an accommodation due to pregnancy, childbirth or a related medical condition by submitting the request in writing to human resources (HR). The accommodation request should include an explanation of the pregnancy-related limitations, the accommodation needed and any alternative accommodation(s) that might be reasonable. Depending on the nature of the accommodation, the individual may be requested to submit a statement from a health care provider substantiating the need for the accommodation.

Upon receipt of a request for accommodation, HR will contact the employee or applicant to discuss the request and determine if an accommodation is reasonable and can be provided without significant difficulty or expense, i.e., undue hardship.

While the reasonableness of each accommodation request will be individually assessed, possible accommodations include allowing the individual to:

- Sit while working.
- Drink water during the workday.
- Have flexible hours.
- Receive additional break time to use the bathroom, eat and rest.
- Take time off to recover from childbirth.
- Be excused from strenuous activities and/or activities that involve exposure to compounds deemed unsafe during pregnancy.

An employee may request paid or unpaid leave as a reasonable accommodation under this policy; however, Gulf Coast State College will not require an employee to take time off if another reasonable accommodation can be provided that will allow the employee to continue to work.

Gulf Coast State College prohibits any retaliation, harassment or adverse action due to an individual's request for an accommodation under this policy or for reporting or participating in an investigation of unlawful discrimination under this policy.

The president or his/her designee may move a regular employee to probationary or annual contract status, and the president or his/her designee may extend the probationary period or annual contract of an employee.
