Associate of Arts Associate of Science But what's the difference?

Associate of Arts Degree -

- University Transfer Degree a two-year degree designed for you to transfer to a Florida public four-year institution as a junior to complete a bachelor's degree program. The A.A. degree provides the courses of study equivalent to those offered in the freshman and sophomore years at Florida's state colleges and universities, or you can choose one of GCSC's 4 Bachelor Degree programs
- The AA degree requirements consist of general education requirements and electives to prepare for a Bachelor's degree
- Many majors at the universities require specific courses to be taken as part of the AA degree, both
 within general education and within the electives. Known as common prerequisites, these specific
 courses are to be taken prior to transferring by all students who plan to enter a particular major
 within the university system
- GCSC University Transfer Tracks are designed for a student who plans to earn the Associate in Arts degree and transfer to one of the state universities or state colleges in Florida as a junior.

Associate of Science Degree

- Workforce/Technical Degree a two-year degree designed to teach you the skills and credentials to enter the workforce
- Not intended to transfer to a university but some courses may be applied to an AA/Bachelor's degree program

Certificate Programs-

 Highly specialized programs that vary in length as indicated by state frameworks and prepare a student for immediate employment in a particular field

Bachelor of Applied Science (B.A.S.)

- The B.A.S. degree is a baccalaureate degree designed to prepare students to enhance and/or advance their career
- GCSC B.A.S. degrees include Digital Media, Organizational Management, and Technology Management
- Students must complete an A.S. degree in a business or technology related discipline OR an A.A. degree to be eligible for a B.A.S. program

Bachelor of Science in Nursing (B.S.N.)

 The Bachelor of Science in Nursing program is an RN-BSN completion program that builds from associate in science degree coursework, allowing an RN with an associate's degree in nursing to earn a Bachelor of Science degree

Major Electives (9 hours)

The purpose of this transfer track is to prepare students for a career in teaching kindergarten through grade six. The four year degree will lead to Florida certification for grades K-6. Elementary education is a limited access program at most Florida universities. Students may have additional requirements for admission to a teacher-preparatory program. Please contact a GCSC advisor or the transfer institution for further guidance. The state of Florida requires a thorough background check by the Florida Department of Law Enforcement prior to students entering the classroom for observations. The college requires the submission of written verification of approved and completed background checks before students may complete on-site course requirements. Students doing observations in school systems must go to the district in which they will do their observations and comply with the requirements for that system. GCSC only has articulation agreements with Gulf, Franklin, and Bay school districts for such observation experiences. The students will be required to pay a fee for the cost of the background check.

This transfer track is designed to prepare students for completion of an Associate of Arts degree leading to a bachelor's degree in psychology. The field of psychology concerns the study of behavior and mental processes. This broad focus makes psychology a relevant course of study for any student intending to develop a career in the social and behavioral sciences, not just in psychology. Possible careers that would benefit from completion of a degree in psychology are education, management, medicine, law, counseling, and other human services careers. Psychology is a limited access program at most Florida universities. For example, Florida State University requires an approved A.A. degree, a minimum GPA of 2.6 or better in all attempted courses, and completion with a "C" or better of an introductory statistics course. along with additional specific requirements, as listed below. Students are strongly encouraged to be familiar with the admissions requirements at the university they plan to attend and to see a psychology advisor within the first semester of attending GCSC.

SCHEDULING THE EXAM

Students can schedule their testing appointment 72 hours in advance through <u>Register Blast</u>. If students have trouble registering for an appointment, please contact Esther Fluharty at 850.873.3594.

If you are a current GCSC Online student who does not reside in the state of Florida but needs to take the Florida Civic Literacy exam remotely, please email <u>Esther Fluharty</u> requesting a remote proctored appointment.

Placement Testing

- Some FTIC students are required to take some form of basic testing for placement in English and Mathematics
- Students may meet this requirement in several ways: ACT, SAT CLT, or PERT (Scores cannot be older than 2 years)
- Placement testing is Not required if you are Flexible Placement (attended a Florida public high school for all 4 years, and graduated with a standard high school diploma)
- The PERT placement test (Reading, Writing, &/or Math) can be taken at our Testing Center

12 Credit Hours = Full-time

- How many "hours" are you in class in a week?
- 1 credit hour = 50 mins
- 3 credit hours = 150 mins or 2.5 hours in class a week
- For every credit hour, plan on spending 2 hours on homework outside of class
- 12 credit hours is 10 hours a week in class + 24 hours of homework
 = 34 hours a week

Academic Policies

- repeat a course when a grade "D" or "F" has been earned. Only the final grade received shall be used in computing GPA. Universities/financial aid may count forgiven grades in calculating GPA.
- Excess Hours are defined as hours that go beyond 120% of the hours required for a baccalaureate degree. Withdrawals, repeats, enrollment in courses nonessential to major, may contribute to an excess hours surcharge.
- Total Attempts- Only GCSC courses are counted in attempts. A student may only repeat a course with a "D" or "F".

- (contd.) An appeal through Enrollment Services must be made to retake a course with an "A", "B", or "C" grade..
- Third Attempt- Students must meet with an Academic Counselor to register for a third attempt. A student may request a waiver for the additional cost of the course by submitting the Third Attempt Waiver.
- Withdrawals- Two withdrawals are permitted per course. On the third attempt, a grade will be assigned. Be concerned about withdrawals. Universities may calculate withdrawals as grades.

Academic Policies contd.

- Attendance- Students are expected to attend all class meetings and are expected to know the instructor's specific attendance policy, as stated in the syllabus for each course.
 - In the event of absence, contact your instructor as soon as possible to indicated the reason and to inquire whether make-up work is possible.
 - If your absence in a class becomes excessive, your professor may contact you, indicating that further absence may result in your withdrawal from the course.
- No Show- Instructors monitor attendance at the beginning of each semester. If you are not in attendance during this period, you may be withdrawn from the course. You will be financially responsible for the course and a "W" or "NS" will appear on your transcript.

Instructional Delivery Methods

- Classroom- Courses are taught face-toface. There is a requirement for students to attend regularly in a physical location.
- Hybrid- a portion of the instruction is delivered using technology. There is a requirement for students in a hybrid course to attend some courses in a physical location.
- Online/Distance Learning- courses are delivered using technology. There is no requirement for students in a distance learning course to attend classes in a physical location.
- Online/Distance Learning Testing-Some online courses may require tests to be taken in a proctored setting such as the GCSC Testing Center. For specific course requirements, refer to the course syllabus.
